Summer Classes for 2018:

Science | Technology | Engineering | Math
Academic Support | Sports Activities | Performing Arts

Strategic Magic

This magical class promotes public speaking through the performance art of magic! Students will learn 1-2 magic tricks each week and craft some of their own magic gear. Curriculum designed to fit the needs of all skill levels. Strategic Magic Teaches and Helps Children with: Performance, Public Speaking, Gaining Confidence, Competing Well, Visualizing Results, Developing Patience & Having Fun!

Engineering with Legos

This class will get students working with LEGO®s while teaching a variety of engineering topics. Children will learn organizational and fine motor skills, as well as teamwork and other life strategies! This course will help students discover gears, pulleys and more. Some Concepts Taught: Observation, Gears, Reasoning Skills, Wheels and Axles, Critical Thinking, Levers and Pulleys.
